

## Create Season Screen:

All working

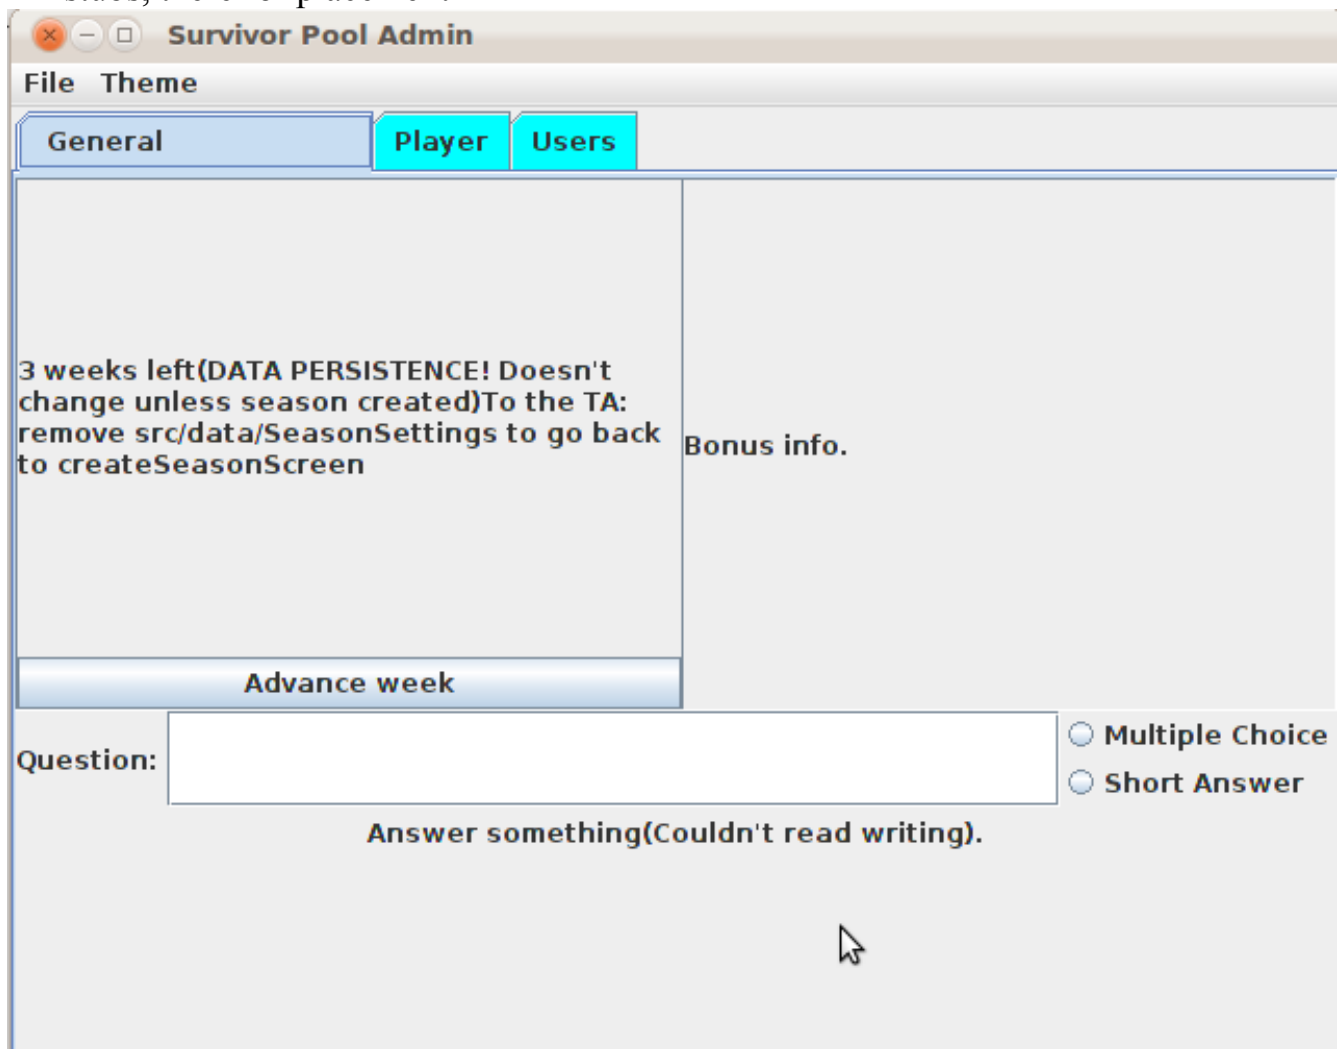

The screenshot shows a web application window titled "Survivor Pool Admin". Inside the window, the heading "Create Season" is at the top left. Below it, there are four input fields with labels to their left: "Weeks:", "Contestants:", "Tribe 1:", and "Tribe 2:". The "Weeks:" field contains the number "3" and has a vertical spinner control on its right side. The "Contestants:" field contains the number "6" and also has a vertical spinner control on its right side. The "Tribe 1:" and "Tribe 2:" fields are empty text boxes. At the bottom left of the form area, there is a blue button with the text "Create Season".

Weeks:	3
Contestants:	6
Tribe 1:	
Tribe 2:	

Create Season

## General Tab:

All stubs, there for placement

The screenshot shows a web application window titled "Survivor Pool Admin". It has a menu bar with "File" and "Theme". Below the menu bar are three tabs: "General" (selected), "Player", and "Users". The main content area is divided into two sections. The left section contains the text: "3 weeks left(DATA PERSISTENCE! Doesn't change unless season created)To the TA: remove src/data/SeasonSettings to go back to createSeasonScreen". Below this text is a button labeled "Advance week". The right section is labeled "Bonus info.". At the bottom of the window, there is a "Question:" label, a text input field, and two radio buttons: "Multiple Choice" and "Short Answer". Below the input field is the text "Answer something(Couldn't read writing).". A mouse cursor is visible near the bottom right of the window.
